

Compliance Checklist Review

USI's Account Manager identifies exposures & offers remedies to help ensure compliance with local, state, and federal health & welfare benefits laws

- Your USI account team works with USI's local employee benefits compliance attorney to identify key benefits issues and procedures to discuss in your compliance review to ensure a timely and meaningful analysis of your benefits program
- Action items are proposed to address issues and mitigate any potential risks uncovered during the review

Impact and Benefits:

- Identify any potential exposure to penalties that could cost your business thousands of dollars under various benefit related laws including ERISA, ACA and HIPAA
- Provide strategies and procedures to mitigate existing liabilities and eliminate future exposures
- Review process is included in our standard service offering

Targeted Review to Protect your Business
